

UTAH GIS ADVISORY COMMITTEE

Date: 2/15/06

Time: 1:30

Place: Utah BLM State Office

440 West 200 South, Salt Lake City

Fifth Floor, Monument Conference Room A&B (532A&B)

(Parking is readily available in the parking garage underneath the BLM office, but it is not free. There are free 1 and 2 hr parking spaces on the streets surrounding the Gateway complex. Free parking is available along 500 West, north and south of 200 South.)

Agenda:

1. 2006 legislative issues (15 minutes)
2. Cadastral: Presentation / Discussion on the statewide PLSS data layer in the SGID, as well as plans by BLM to have AGRC publish GCDB on the web. Also discussed will be BLM's process for integrating local (County) corner data with the GCDB and its delivery back to the GIS community. There will be information presented on how this data integrates with state-wide parcel data collection efforts, as well as the associated data standards and formats. We will also talk about options in which the status of the above efforts can be tracked and documented. (45 minutes)
3. Imagery/Elevation: Final results of the Request for Information will be discussed. Details of products including improved elevation data, one-meter color, panchromatic, color infrared, and one foot imagery will be discussed with costs. Foot-prints for various products are gaining definition and can be revised at that time. Vendors that responded to the RFI will be allowed up to 15 minutes each to describe their proposed products. (90 minutes)
4. Next GISAC / Photo Consortium mtg times ??
5. NSDI Strategic Plan for Utah (on hold until April GISAC)
 - Utah I-Team Plan Revision Discussion
 - a. Responsible authors?
 - b. See the current text and maps at:
